

I am originally from Iowa, having moved to Middle TN in 1998. I have a background in law enforcement prior to becoming an administrative assistant in 1998 for the company I currently work for; Civil Constructors, Inc. Promoted to Payroll & Benefits Administrator in 2002 I feel blessed to have been given the opportunity and challenge in my current career path by my boss, owner and mentor, John Valiquette. I have been a member of APA since 2007 and the Greater Nashville Chapter APA since 2008. I look forward to serving as a member of the board for this great organization and am honored that I was elected as your President Elect for 2010-2011.
